

The Hertfordshire Directory

A gateway to community services,
groups and activities across the county

**Are you searching for something to help you live
life to the full?**

From community transport and care support to computer courses and food banks, the Directory can help you find the support you need, when you need it, to thrive and enjoy life more.

Whatever your age or stage of life take a look at the Directory today to see what might be useful for yourself or for friends and family.

Find the Directory:

<http://www.hertfordshire.gov.uk/directory>

Using the Hertfordshire Directory

- Everyone can search the Directory to find services, groups and providers.
- Social work and health professionals, social prescribers and others can find suitable services for people they support and refer directly or create a tailored short-list to print or email.
- If you offer a service, large or small, you can create a Directory account and add a comprehensive listing for your group or activity.

Add a listing, it's free

We have a wide range of listings but there's space for more.

Visit www.hertfordshire.gov.uk/directory and request a login. Then create a separate listing for each service you offer. You'll be prompted to add key information such as who you support, times and locations, costs if applicable and website and/or contact details.
